About Me

AI researcher with 4 years of experience bridging research and industry. Specialized in efficient AI, reasoning, and test-time scaling with publications at top-tier venues (AAAI 2025, TALLIP 2024). Currently researching AI efficiency at Qualcomm under Dr. Tung Pham. Seeking PhD positions in Computer Science (Fall 2027) to advance practical AI systems.

Education

Hanoi University of Science and Technology 2020 - 2024
Bachelor of Computer Science (excellent) GPA: 3.62/4.00

Publications and Submissions

Beyond the Frontier: Stochastic Backtracking for Efficient Test-Time Scaling Submitted to Neurips 2026
Dao Tran, Duc Anh Le, Tien Ngoc Luu, Quan Pham, Tung Pham, Hung H Bui

Mixture-of-Control: State-Aware Fine-Tuning for Transformer-based Models Submitted to Neurips 2026
Duc Anh Nguyen, Ngoc Luu*, Tung Pham, Toan Tran*

Adaptive Prompting for Continual Relation Extraction: Within-Task Variance Perspective Oral Presentation
Minh Le, Ngoc Luu*, An Nguyen*, Thanh Thien, Trang Nguyen, Tung Nguyen, Linh Ngo, Thien Huu Nguyen* AAAI 2025

Optimizing Answer Generator in Vietnamese Legal Question Answering Systems TALLIP 2024
Ngoc Luu, Huong Le, Thanh Nguyen, Tuan Dao, Sang Dinh*

Research Experience

Qualcomm AI Research Oct 2025 – Present
AI Researcher Vietnam

- **Supervisor:** Dr. Tung Pham.
- **Research Focus:** Efficient AI inference, reasoning capabilities in large language models, and test-time scaling strategies.
- Working on publications exploring stochastic backtracking for efficient inference and mixture-of-control mechanisms for fine-tuning.

Data Science Laboratory – SoICT Oct 2022 – May 2024
Undergrad Research Assistant Vietnam

- **Supervisor:** Dr. Linh Ngo.
- **Research Topic:** Continual Learning, Natural Language Processing.
- **Thesis:** Continual Learning for Relation Extraction - accepted at **AAAI 2025 - Oral Presentation**.

SoICT – HUST Oct 2023 – Mar 2024
Undergrad Research Assistant Vietnam

- **Supervisor:** Prof. Le Thanh Huong.
- **Publication:** Vietnamese Legal Question Answering Systems - accepted at **TALLIP 2024**.
- Developed a **Chatbot system** for Vietnamese legal domain.

Industrial Experience

Prep Company Oct 2024 – Oct 2025
AI Engineer Vietnam

- Developed an AI system for automatic **IELTS Speaking and Writing** scoring, achieving 88% correlation with human graders.
- Engineered speech and text evaluation models using multi-task learning, improving scoring consistency across 5,000+ student assessments.
- Deployed production models with low-latency inference optimization using quantization and distillation techniques.

CMC ATI Company Mar 2024 – Oct 2024
AI Engineer Vietnam

- Engineered a **RAG-based Chatbot system** serving 500+ employees with 95% query success rate and 92% user satisfaction.

- Built **Named Entity Recognition model** achieving 89% F1-score, extracting entities from legal documents at production scale.
- Developed fine-tuned **Speech Recognition model** reducing error rate by 35% on Vietnamese language tasks.

DNSE Company

AI Intern

Jun 2023 – Sep 2023

Vietnam

- Built domain-specific **Chatbot** for stock market analysis, processing 1,000+ daily queries with 87% accuracy.
- Developed multi-document **summary aggregation model** combining financial reports, improving coherence by 40% versus baseline.

Skills

Programming Languages: Python, C++, SQL

ML/AI Frameworks: PyTorch, TensorFlow, Hugging Face Transformers, LLaMA, vLLM

NLP Techniques: Large Language Models, Prompt Engineering, RAG Systems, Fine-tuning, Named Entity Recognition, Relation Extraction

Model Optimization: Quantization, Knowledge Distillation, Test-Time Scaling, Inference Optimization

Tools & Platforms: Git, Docker, Weights & Biases, Hugging Face Hub, CUDA

Mathematics: Calculus, Linear Algebra, Numerical Optimization, Probability and Statistics

Languages: English (Fluent), Vietnamese (Native)

Achievements

Top 0.01% in Vietnam National Exam	2020
Published at AAAI 2025 (Oral Presentation) on Continual Learning	2025
Top 2 in the SLU Track at the SolCT Hackathon	2024
Published in TALLIP 2024 on Vietnamese Legal QA Systems	2024
